

# ***Sport ATV Beadlock Wheels***

## ***8", 9", 10", & 11" DWT Red Label***

*The DWT Red Label wheel is a tried and true, American Made, 6061-T6 spun aluminum wheel that is pretty good by itself. But here at OMF Performance, pretty good isn't good enough, so we modify the wheel to create one of the strongest ATV wheels you can buy. The standard features include a beautiful polished finish, OMF Scalloped Beadlock on the outside lip of the wheel, and an OMF Reinforcing Ring on the inside lip.*

***Price: 8" - \$169.95 / 9" & 10" - \$199.95 / 11" - \$229.95***

### ***Options:***

***Super Lite Lock - \$9.95 ea - Racey look combined with lighter weight makes this a great option for anyone***

***Super Lite Drain Lock - \$19.95 ea - Ejection ports are added to the Super Lite Lock to ease wheel clean out, and for the absolute lightest weight***

***Highlighting - \$19.95 ea - Available with Super Lite and Super Lite Drain Lock only. Beadlock ring is machined after powder coating for a two tone look***

***Powder Coating of Lock Ring - \$9.95 ea***

***Powder Coating of Wheel - \$44.95 ea***

***Mini Domes - \$19.95 per wheel - Like a skid plate for your beadlock, these mini domes help protect the wheel and offer a tough look (add \$10 for powder coat)***

## ***8", 9", 10", & 11" OMF Billet Center***

*The OMF Performance Billet Center wheel is the pinnacle of wheel performance. Starting with the same great DWT wheel as a platform, the wheel is modified to accept a custom bolt in center, allowing for easy changes in offset, bolt pattern, style, and color. Changing quads? Just change out the center to fit your new quad to get more life out of the ultimate wheel. Plus, the modular design allows for simple repair of damaged components without purchasing a whole new wheel. The standard features include a beautiful polished finish, OMF Scalloped Beadlock on the outside lip of the wheel, and an OMF Reinforcing Ring on the inside lip.*

***Price: 8" - \$219.95 / 9" & 10" - \$249.95 / 11" - \$279.95***

### ***Options:***

***Super Lite Lock / Lite Weight Center - \$9.95 ea - Racey look combined with lighter weight makes this a great option for everyone***

***Super Lite Drain Lock - \$19.95 ea - Ejection ports are added to the Super Lite Lock to ease wheel clean out, and for the absolute lightest weight***

***Highlighting - \$19.95 ea - Available with Lite Weight Center, Super Lite, and Super Lite Drain Lock only. Ring is machined after powder coating for a two tone look***

***Powder Coating of Lock Ring - \$9.95 ea***

***Powder Coating of Wheel - \$44.95 ea***

***Mini Domes - \$19.95 per wheel - Like a skid plate for your beadlock, these mini domes help protect the wheel and offer a tough look (add \$10 for powder coat)***

# **UTV Beadlock Wheels**

## **12" OMF Billet Center**

*The OMF Performance 12" Billet Center wheel is available with countless options to fit any build, and with the custom bolt in center you get easy changes in offset, bolt pattern, style, and color. You can choose between our Original, Outlaw 8, Type R, and Type R Lite style center available in all common bolt patterns as well as customer bolt patterns. Plus, for the racer in all of us, the modular design allows for simple repair of damaged components without purchasing a whole new wheel. The standard features include a polished or powder coated finish, OMF Scalloped Beadlock on the outside lip of the wheel, and an OMF Reinforcing Ring on the inside lip.*

**Price: 12x5 to 12x8 - \$429.95 / 12x10 to 12x11 - \$469.95**

**Options:**

**Super Lite Lock - \$9.95 ea** - Racey look combined with lighter weight makes this a great option for everyone

**Super Lite Drain Lock - \$19.95 ea** - Ejection ports are added to the Super Lite Lock to ease wheel clean out, and for the absolute lightest weight

**Highlighting - \$19.95 ea** - Available with Lite Weight Center, Super Lite, and Super Lite Drain Lock only. Ring is machined after powder coating for a two tone look

**Mini Domes - \$19.95 per wheel** - Like a skid plate for your beadlock, these mini domes help protect the wheel and offer a tough look (add \$10 for powder coat)

# **UTV Beadlock Wheels**

## **14" OMF Billet Center**

*The OMF Performance 14" Billet Center wheel is especially popular for racing UTV's that need a high positive offset wheel to narrow the overall width of the UTV. 14" wheels also offer additional brake caliper clearance compared to a typical 12" wheel. Just like the 12" Billet Center, you can choose between our Original, Outlaw 8, Type R, and Type R Lite style center available in all common bolt patterns as well as customer bolt patterns. The standard features of this spun aluminum race quality wheel include a polished or powder coated finish, OMF Scalloped Beadlock on the outside lip of the wheel, and an OMF Reinforcing Ring on the inside lip.*

**Price: 14x5.5 to 14x8 - \$599.95 / 14x9 to 14x11 - \$639.95**

### **Options:**

**Super Lite Lock - \$9.95 ea** - Racey look combined with lighter weight makes this a great option for everyone

**Super Lite Drain Lock - \$19.95 ea** - Ejection ports are added to the Super Lite Lock to ease wheel clean out, and for the absolute lightest weight

**Highlighting - \$19.95 ea** - Available with Lite Weight Center, Super Lite, and Super Lite Drain Lock only. Ring is machined after powder coating for a two tone look

**Rock Domes - \$29.95 per wheel** - Like a skid plate for your beadlock, these aluminum rock domes help protect the wheel and offer a tough look (add \$10 for powder coat)
